

# Dirichlet Series II

Mehmet KAYMAK

October 21, 2025

## Abstract

This talk is the second part of a two-part presentation on Dirichlet series. Just as power series are analytic on their disks of convergence, Dirichlet series are analytic on their half-planes of convergence. We outline basic principles linking half-plane convergence to the analytic properties of Dirichlet series.

**MSC Number:** 11M41, 11M06

**Keywords:** Dirichlet series, Riemann zeta function, Analyticity

**Address:** *Department of Mathematics, Izmir Institute of Technology, Urla, Izmir, Turkey. mehmetkaymak@iyte.edu.tr*
